

Time to put your best foot forward for *Shack* 2022!

Antarctica. A blizzard. Eight school kids are stranded in a shack, on the bottom of the world, with a sinister force circling outside... Our young explorers, in the ghostly footsteps of Ernest Shackleton, question their place in the natural and social order of the world as the limits of their courage are pushed into uncharted waters. Safety (and sanity) seems to be drifting farther and farther away.

Directed by Hayden Tonazzi, our Semester 2 Actor's Toolkit Class is an incredible opportunity for young actor's aged 10-13 to learn what being part of a production entails. Students will audition for roles, attend rehearsals, and work with the director, writer and a whole creative team to bring the world premiere of *Shack* to life with a performance week in The Rebel Theatre.
